

14th European Vertebrate Management Conference

EVMC 2025

Ankaran, Slovenia, 12th – 16th May 2025

INVITATION FOR SPONSORS and EXHIBITORS

14th European Vertebrate Management Conference (EVMC 2025) hosted by several Slovenian academic institutions in Ankaran, Slovenia, between 12 and 16 May 2025, is a perfect place and opportunity for sponsors and exhibitors to meet and engage with specific and competent international audience in the field of vertebrate management.

All sponsors and exhibitors will form an integral part of the event, and the exhibition area will be located within the conference area, i.e. just in front and along the main lecturing hall(s). All together, organizers expect 250 to 300 participants coming from all over the Europe, but also from North America, South America, Asia, Africa, and Pacific countries.

Specific conference topics are designed in a way to welcome and emphasise recent and up-to-date research results and achievements, modern technical advances, and several case studies on a wide spectrum of issues relevant to ensuring effective and science-based management of vertebrate populations covering wide range of taxa including fish, amphibians, reptiles, birds, small mammals, lagomorphs, ungulates, mesocarnivores, and large predators. As such, the conference will be a platform to present insights into recent findings on vertebrate ecology, ecosystem role/value of different species, hunting, behaviour, intra- and interspecific interactions as well as human-wildlife coexistence, conflicts, and population management. In this respect, it will also represent a nice platform for companies, sponsors and exhibitors working on broad range of topics related to vertebrate monitoring and management. More information about the programme can be found at <https://www.evmc.online/>.

Sponsorship and exhibition opportunities

There will be excellent opportunities for all who would like to exhibit either their business or professional achievements and outcomes. The exhibition area will be situated in front of the registration and information desk, i.e. at the entrance to and along the plenary hall, where also coffee breaks will take place. This will facilitate maximum interaction between the conference participants and the exhibitors.

Therefore, we would like to encourage you to choose one of the sponsor's packages that will provide you the maximum visibility before, during, and after 14th EVMC.

On behalf of the Organizing Committee, I am glad to invite you to Ankaran!

Prof. Boštjan Pokorny,
Chair of the Organizing Committee
